Tube Smart Ranker Crack+

Tube Smart Ranker is a reliable tool that can automatically rank your live events on YouTube, within a few minutes. The program can automatically rank your live event and your live event videos on YouTube. Tube Smart Ranker can automatically rank any video you create via YouTube Live Events, whether you are using an already recorded video or a live feed from the webcam. The program allows you to also upload videos to your channel. The program requires that you already have a valid YouTube account, with the Live Events function already enabled. After providing the login details, all you need to do is setup a video uploading form, by clicking the Details button in the toolbar at the bottom of the window. Simply set the title, maximum quality, privacy, media file, category and the other required settings, then select the Start Tube - Live Event option. The corresponding YouTube page opens in the program's interface, allowing you to setup the Live Event details. Several notification dialogs indicate whether your event was completed successfully or if there were any errors. The program can immediately rank your video after you create the Live Event, the results of which can be observed in the designated table on YouTube. Tube Smart Ranker is suitable for CPA, product reviews, services, marketing, tutorials, video blog entries and other live events since it can easily rank your clips. It is easy to use and can act as a YouTube desktop client, especially during the Live Event customization stage. Moreover, it automates the larger part of the process, allowing you to focus on the content of your event. NOTE: You need to create an account on the developers' website and request a license file for running the evaluation version of the program. Tube Smart Ranker Main Features: ✔ Automatically re-rank your videos on YouTube after each Live Event ✔ Instant rank of any video you create

via YouTube Live Events, whether you are using an already recorded video or a live feed from the webcam ✔ Upload videos to YouTube and YouTube channels ✔ Easily import videos from local folder to YouTube or to several channels ✔ Allow upload of a single file or several files ✔ Create a YouTube Live Event ✔ Support all video formats ✔ Support HTML5 ✔ Support.FLV,.MP4,.AVI,.WMV,.WebM,.OGV,.MKV,.MOV,.M4V and other formats ✔ Supports live streaming
