• Experience a Brand New Fantasy Action RPG • A Vast World Full of Excitement • Create your Own Character • An Epic Drama Born from a Myth • Unique Online Play that Loosely Connects You to Others We developed this game with the strength of our internal staff with our passion to create a game that would offer the players much more than anything we can offer. As we continue to add more features, we will continue to invest in this game to offer a quality experience for the players. [1] Elden Ring Game [----- "When you join a party of adventurers, then amateurs become experts." -Theuria, Hero of the Holy Kingdom, the original sorcerer, The One to Complete the Elden Ring RPG -------------------------------- "The gods bestowed you with a great power and enabled you to preserve the balance of the world. This world has lost its way and the mark of the sun has already begun to diminish. You must work together to ensure the safety of this world. You will fight for the sake of the people and the world. In order to restore the balance of this world and extinguish the mark of the sun, we will gather all the heroes and adventurers and unite their powers to make this world safe again. We will give you power and allow you to become the hero you are destined to be." -Plead [Game Service: [New Application] Elden Ring - New Fantasy Action RPG Please visit: [Hovercraft: [RuneScape] My Birthday Celebration Birthday: I received a love from RuneScape. Thank you for your care to RuneScape, which has become one of my favorite games. I wish to continue playing RuneScape with you for many years to come. If you really want to spend your birthday with me, come to this land between the stars. It is a land with tremendous danger. However, it is also a land where you can safely play. If you visit my world, you will

Features Key:

3D Story Built from the Ground Up The story begins from the base of the World Tree, and evolves within the lush lands to the majesty of the closed-off Realms Between.
Advanced, 3D Graphics The game is built with a unified 3D engine that allows for beautiful graphics achieved with high performance.

- Unified 3D World The 3D graphics are seamlessly joined with the 2D artworks, so you can see the entire 3D world in your head.
- Import / Export Settings Imported settings can also be saved and used later.
- Depth Perception in Motion No matter where the player is, the perspective is held stable as if the player is standing still.

Simple, But Intense We planned the story elements and game mechanisms from the start, so the whole story should be enjoyable by any newcomer to video games.

- Story Take part in the adventure of the Elden Ring and the Foretellers who are driven to destroy the Ring.
- Mechanics Utilizing the Ring's power, wield high-level unique weapons that are connected with each other by the terminology used to describe the usage of the weapons.

▼Play Rhoa Enjoy yourself as you enjoy the World of the Elden Ring with the playable character by stacks: Map a this Missiamless and strong as if you were on the field of battle.

Download Cortex Plus Mod 1.7.1 Hi guys and remember to READ THE BASICS, because the problem I have is I don't have a damn clue what I'm talking about. So, I made a post on here asking if someone would lend me a hand, lol. I didn't even realise the porting would be so involved. Downloado wait just wait lol, and I play movies and Game Boy games. So, here the deal. OK, so, I made a Babylonian "Spade" icon by loading in a pic of my Stag bitch. Now, I also made an icon for Chaos on the website by loading in another pic of my Stag bitch. The problem is they look too similar. How do I separate the two? --- *Guys you can still have the spades and then put your pics in it. Just load them in the site when there isnt any other ones there. Now you're free to change your icon. Help, we need people to run the test server for us. You can figure out what all the codes, names, etc. are on the boxes here, Give us feedback on the server page. [url= U.S.Pokemon Crossing Team[/url] (test server) is a beta version, available on XP if you use NSIS to install, and on Vista if you DON'T! Follow us on Xbox Live (943.220.2234) to see what we're up to every month! Don't forget the special guest demo lade! for today, it's Rhoa!!! (yeah, I know its more like ten of em but thats what you get for free), we will likely do Rhoa more often from now on ----- currently trying to port game to both mac and linux, then porting to microsoft windows (Original post by Sn1p-HWb) Yea I will be sure to download it and test it out -------------------- Hi guys and remember to READ THE BASICS, because the problem I have is I don't have a damn clue what I'm talking about. So, I made a post on here asking if someone would lend me a hand, lol. I didn't even realise the porting would be so involved. Downloado wait
