MouSing PC/Windows

MouSing Serial Key is a full featured audio recorder that only needs a mouse. It has all the basic sound recording controls - volume, pitch, vibrato, timbre, pitch bend, and MIDI instrument. You can save your file on the fly to WAV or MID format. It also allows you to edit the recorded file directly in the program. Open Talkbox, and press the Alt key to switch to a window mode in the main menu.

Pressing the keys Ctrl+O will activate recording, while ESC will finish recording and exit Talkbox. Once recording has finished, press the mouse button to play the sound. The sound will play from the beginning again, but the file editor will be closed. Although Talkbox requires an internet connection to function, Talkbox's auto recording feature is disabled. To stop recording, hit the Esc key to exit to the main menu, and then hit the Alt key to switch to the window mode. Using Talkbox in window mode to hear your recorded sound.
