published:21 Nov 2018 views:15997 A bear and a lion were playing in the field. The lion said "If you can catch me, I'll let you have my part of the field to play in." The bear said "All right. I'll try!" It took the bear all of his strength to lift the lion, but he managed to do it. It was a little easier to lift him on the second time. The lion said "If you can't catch me, then I'll let you have my part of the field to play in." The bear said, "All right. I'll try!" The lion was very active and was very fast, so it took the bear all day to lift him. He was so tired when he lifted him up on the third time that his back was hurting. Then, the bear heard a giggle and saw that it was the old lady who lived in a shoe. This is a "Short Version" of a popular Visual Novel, available on Gamejolt for free. Let's Play! ----- I do not own the rights to the content or the series. This video was created as a fan of the series as a whole and to give something back to the amazing team. published:15 May 2018 views:42597 It's the return of "Anicon-AnimalComplex!", and another devastatingly heroic tale of a high school girl. This game is to anybody's who ever got a "Childhood fear", and had endless amounts of fun imagining what a "grandchild" may look like, and with that story in mind, to anybody who is married or in a relationship. (Yes, that was weird for a relationship-themed story, but there you go...) Here's the link to the story - Now

DESCENT D E S C E N T S i l e n c e o f M i n d Is a first-person atmospheric horror game with experimental elements. The player will explore sinister and mysterious environments in search of repressed memories to move forward. A gradual change of environment combining puzzles and jumpscare. * This Game is developed by horror game developer Community of Ater, focusing on psychological games. * Its a first-person atmospheric horror game. * Currently works on Windows-based PCs only. * It is suitable for everyone, but may have something you cannot play. You can customize the color, graphic design, and the background music for the game, and you can change the difficulty in the settings to play according to your preferences. * This game is recommended for those who like horror games. * This game is made to be played anytime and anywhere. * The game has a nostalgic atmosphere. * Atmosphere is deep and scary enough to feel dizzying. * Don't be surprised when you are scared. * It is a game that causes you to feel uneasy about your own mind and flesh. * You will find your instincts will instinctively run away from some situations. * Your intuition will run away from others. * But you will have to face the reality of your own subconscious. This game does not have any words. It does not have any plot. Its a game that involves a person's own subconscious. The game begins with the start of a character whose fingers were burnt and cannot sleep. In this situation, he calls on a hypnosis therapist to help him solve his problem. But after the treatment, something drastically changes his unconscious. He begins to enter this world, and gradually his fears begin to become real and he must discover how to escape his own mind. If you enter this world, you will gradually learn about yourself. If you manage to escape from this world, you will continue living in the real world. If you do not escape from this world, you will be destroyed. This game is incredibly dark. if you are not prepared, it may have some spoilers. You can change the colors, graphic design, and the background music for the game, and you can change the difficulty in the settings to play according to your preferences. All of the stuff that I can say is under this blurb
