As the number of indications for mechanical ventilation in children continues to increase, physicians are incorporating newer therapeutic modalities into the management of the respiratory patient. The application of extracorporeal membrane oxygenation allows the respiratory physician to provide support to the patient with a variety of critical abnormalities. Over the past few years, great strides have been made in the management of the carbon dioxide-poisoned patient. Noninvasive positive-pressure ventilation has been shown to

be of benefit for the treatment of hypercapnia. Unfortunately, children with severe lung disease continue to have significant morbidity and mortality. As of yet, effective medical treatment for this group of patients has not been developed. Bronchodilators, aerosol therapy, and methylxanthines remain important treatment modalities for the management of many patients. We look toward new therapies such as somatostatin analogues and gene therapy to see the development of new treatment modalities for the future.Fulham signs Algerian midfielder Ibrahima Fofana The 20-year-old midfielder, who signed for the Championship side from En Avant de Guingamp in 2017, has been rewarded for a stellar season at the club. The talented central midfielder, who has been capped four times by the Algerian national team, has signed a deal until 2021 after impressing both on and off the pitch in his

first campaign with the club. Speaking to Fulhamfc.com following the announcement, Fofana said he is delighted to be returning to the club he initially started his career with. "It feels fantastic to be back here at Fulham, I've been here since I was a child and it's been a while since I've been back. "I am really looking forward to my time here and to getting started with the team this weekend in the match against Wolves." Speaking to Fulhamfc.com, Fofana continued: "I got to know my new teammates at the end of last season, I was with them for a long time before I left. "It's been good here, it was a good vibe at the club. It's been a really good feeling since e79caf774b
