I know, but hey, I could do that, it's really easy: 1) Create an account on drakensangonlinehackv324indirgezginler. 2) Search for the games that you want. 3) When you find an interesting game - Go To the beta site of that game and request to join the beta. 4) When the game you are interested in is accepted you have a beta account for that game and you can start playing. 5) If the game is finished (not beta or semi-finished) you have to make a normal account, subscribe to the forum and then start the game. For those who don't know, how things works - If the game is released by an official team, after they do the beta, you don't need to register as beta, but as normal. Yeah I know, but hey, what about the servers? You are welcome to submit your own servers, though I must ask that you do not do it in the place of the official team. Always do it on your own site. In reality, you can probably even submit your own site. For example, you can give me a link on a site, I can add a link to your site and you can submits yours. Once you have done that, either switch to a new ip once a day and submit it in our 6d1f23a050
