Please subscribe to our art channels. The candle flame was modeled in Fume Fx. Modeling, texturing. And now that we've done that, let's watch a video with our CG artist Danny on how it all works together. Danny: Thank you everyone for coming today. This is Danny. I hope you are all enjoying this wonderful evening and hope you have a very beautiful, wonderful view of your lovely home. Danny: I'm a huge Fire & Flames fan: <https://youtu.be/pMh3Vw-fCd8> And we did it! And this is our first project using FumeFX. Thanks for supporting us.
