She graduated from the Berklee College of Music with a bachelor's degree in jazz guitar. Her debut single, written with Rocco Chiarito, "Aurora", was produced by David Roman for Beeboy Records. The song debuted in May 2018 and was performed by Cristina and a band of three musicians, one of which was her multi-instrumentalist husband, David Roman. Cristina has released two singles, "Dakota Girl" and "Aurora" in 2018 and 2019. This array is bound to the page template. What I am trying to do is - for each group, iterate over the group's categories, and add a title to the end of the title attribute of each category. The result I would like is this: Test Category 1 Test Category 2 Test Category 3 However, currently, the result is: Test Category 1 Test Category 1 Test Category 1 The filter code is: App.Filters.CustomFilters = DS.Model.extend({ name: DS.attr('string'), filter : DS.attr('string'), descr: DS.attr('string'), description: DS.attr('string'), pattern: DS.attr('string') }); App.TestCategoryGroupFilter = Em.Object.extend({ filter: null, type: null, groupName: null, categoryNames: function () { return this.get('groupName').categoryNames; }.property('groupName'), actions: { addTitle: function(groupName) { this.get('categoryNames'). 5ec8ef588b
