Downloaded it and everything works fine. Had an issue with sins overriding the In-game AI player names, but I just overwritten some of the random names in the string file. Loaded and reloaded the game a few times until I got the right combination of AI player in the right spots. Its interesting. I purchased sins first thing at best buy the day it was released. And have played only one map since then: The pleiades. Played it so long that the timer rolled over at least 3 times. Control the fate of the galaxy in this full standalone game that builds upon the original Sins of a Solar Empire but does not require it! The unique gameplay of Sins of a Solar Empire: Rebellion allows you to take full control of your actions and indulge your perfect strategy. Fight battles with friends in real-time, in either dedicated multi-player games or in single-player skirmishes.
