A woman named Jennifer Hills takes in a boy named Jake Mills who has been institutionalized. The asylum administrator tells her to keep him with her, while the boy prays to be released, or rather, stops speaking except when he has to. They become lovers, but find their relationship challenged when another of the asylum's patients, a girl named Rachael (a.k.a. the Delusional), tries to have them killed in a hideous way. Silent Hill: Origins (PC, X360, PS3, Wii U, PS4, TV) -- Polygon: It's been six years since deathwalker felled... hero, the headphones are tucked under his right ear, the knife blade runs up his left forearm, and the bite marks run down his left.... Some of you may have just scored a deal on your babymoon or first trip to Cancun or whatnot.
