When the site first loads the sub-menu pops up fine but when I click on another item in the menu or click on a link to another page the menu stays open when I hover over the menu item. Here is my code: .nav { position: relative; z-index: 5; float: right; margin-top: -40px; margin-right: -40px; margin-left: 200px; } .nav a:focus, .nav a:hover { background: #ddd; padding-left: 10px; } .nav li { display: inline-block; list-style: none; padding: 0 10px; } .nav li a { color: #336699; font-size: 13px; line-height: 14px; text-decoration: none; } .nav li a:
